# Mohammad Hashim

Java Backend Developer | Fresher | Internship

Mumbai, Maharashtra, India

mohammadhashim7233@gmail.com | LinkedIn Profile

## Professional Summary

Second-year B.Sc. Information Technology student seeking a Java Backend Developer internship or entry-level opportunity. Familiar with Core Java, JDBC, Hibernate, Spring Boot, Spring Security, JWT, MySQL, and MySQL. Developed SecureBank, a banking management backend with JWT authentication, role-based access control, and transaction management. Interested in applying backend development skills to practical software projects.

## Career Objective

To start my career as a Java Backend Developer in a team where I can contribute to real-world backend applications, learn from experienced engineers, and continuously improve my technical and problem-solving skills.

## Technical Skills

- **Programming Languages:** Java
- **Backend Technologies:** Spring Boot, Spring Security, REST APIs, JSON Web Token (JWT)
- **Persistence Technologies:** Spring Data JPA, Hibernate, JDBC
- **Database:** MySQL
- **Tools:** Git, GitHub, Postman, Maven
- **Concepts:** Object-Oriented Programming (OOP), MVC Architecture, CRUD Operations, Input Validation, Exception Handling

## Project

**SecureBank – Banking Management System** *Java, Spring Boot, Spring Security, MySQL*

Developed a secure banking backend application using Java and Spring Boot to manage banking operations, user authentication, and account-related activities, with REST APIs, role-based authorization, and database integration.

- Implemented JWT-based authentication and role-based access control using Spring Security.
- Developed REST APIs for user registration, login, and bank account management.
- Implemented deposit, withdrawal, and transaction management operations.
- Developed KYC verification and approval workflows for authorized users.
- Integrated MySQL using Spring Data JPA and Hibernate for data persistence.
- Used Maven for build and dependency management.

## Education

**Bachelor of Science in Information Technology** *July 2025 – March 2028*

Shri Mahadev Baburao Chaughule College

- Currently pursuing the undergraduate IT program.
- Relevant learning areas include Core Java, JDBC, Hibernate, Spring Boot, and MySQL.
